Your Personalized Hormone & Wellness Assessment

*Uncover What's Really Draining You, causing the HATED **facial hair**, **balding** in weird patches, pressure numbers and sugar changes, sticky **belly weight**, mental fog, anxiety and maybe even **depression** just to name a few! —Fix the Root Cause & Finally Feel Like **YOU** Again!*

Before You Begin... Read This:

Most women are never told **the real reason** why they feel the way they do. Doctors prescribe pills. Society says "it's just aging." And you? You push through **exhaustion**, bloating, weight struggles, mood swings, and **mystery symptoms**... wondering if this is just your **new normal**.

But what if I told you... **it's NOT your fault?** Your body is constantly sending **signals**, but no one has taught you how to **read them**.

THIS assessment is your first step to finally understanding what's really going on **beneath the surface**.

- **Are hidden hormones running your body (and your emotions) into the ground?**
- **Is stress secretly sabotaging your metabolism?**
- **Could your past—birth control, pregnancy, childbirth, or even childhood trauma—still be impacting you today?**

This quiz will give you **clarity** like never before. And at the end, you'll get a chance to have a **personalized look** at:

- ✓ **Why your body feels out of whack**
- ✓ **Why nothing has worked before—and what WILL work**
- ✓ **How to restore balance naturally—without crazy diets or prescriptions**

You'll see exactly what's been **keeping you stuck**—and more importantly, how to get **unstuck**.

Instructions:

Answer honestly (**no one is judging you**, sis!) If a question doesn't apply, just skip it. **Be excited**—you're about to learn things about your body that NO ONE has told you before!

Section Postnatal Recovery & Mental Wellness Check-In

(Whether you gave birth 6 weeks ago or 16 years ago, **your body remembers.**)

No one talks about this enough. Your body and brain **don't** just “bounce back” after childbirth.

The hormonal chaos after birth can last for years—**even decades**—especially in a society with one of the **highest rates** of postpartum depression and even death among high income countries. Let's face it: **It's up to us to fix it!**

Your Postnatal Physical Recovery

1. How long has it been since you gave birth?

☐ Less than 6 months ☐ 6 months - 2 years ☐ 2 - 5 years ☐ 5+ years

2. Do you still experience any of the following? (even if years have passed)

(Check all that apply)

- ☐ **Unexplained weight gain** (especially around the belly)
- ☐ **Hair loss or thinning** (even if your baby is older now)
- ☐ **Vaginal dryness or discomfort**
- ☐ **Low libido** (or feeling “disconnected” from intimacy)
- ☐ **Frequent exhaustion, even with “enough” sleep**
- ☐ **Pain or weakness in your lower back or pelvis**
- ☐ **Leaking urine when sneezing, coughing, or laughing**
- ☐ **C-section scar or abdominal muscles that feel “disconnected”**

3. Did you feel fully educated on how to heal after birth? (hormones, pelvic floor, core, mental health, etc.)

- ☐ Yes, I had great support
- ☐ Somewhat, but I still have lingering issues
- ☐ No, I was just expected to “move on”

Your Postnatal Mental & Emotional Wellness

Even years later, your post birth experience can have a **traumatic effect** and can affect your body and hormones. **No judgement**, just **be honest** with yourself.

1. Did you experience “baby blues” or postpartum depression/anxiety?

- ☐ No, I felt emotionally stable
- ☐ A little, but it passed quickly
- ☐ Yes, and it lasted longer than I expected
- ☐ I’m still struggling with it now

2. Do you often feel overwhelmed, irritable, or like you have to “do it all”?

- ☐ No, I feel balanced and supported
- ☐ Sometimes, but I can manage it
- ☐ Yes, I constantly feel like I’m drowning

3. How do you feel about your body after having children?

- ☐ Strong, confident, and grateful
- ☐ Neutral—some days good, some days bad
- ☐ Frustrated, disconnected, or uncomfortable

4. Have you ever felt resentment, grief, or guilt about your birth experience?

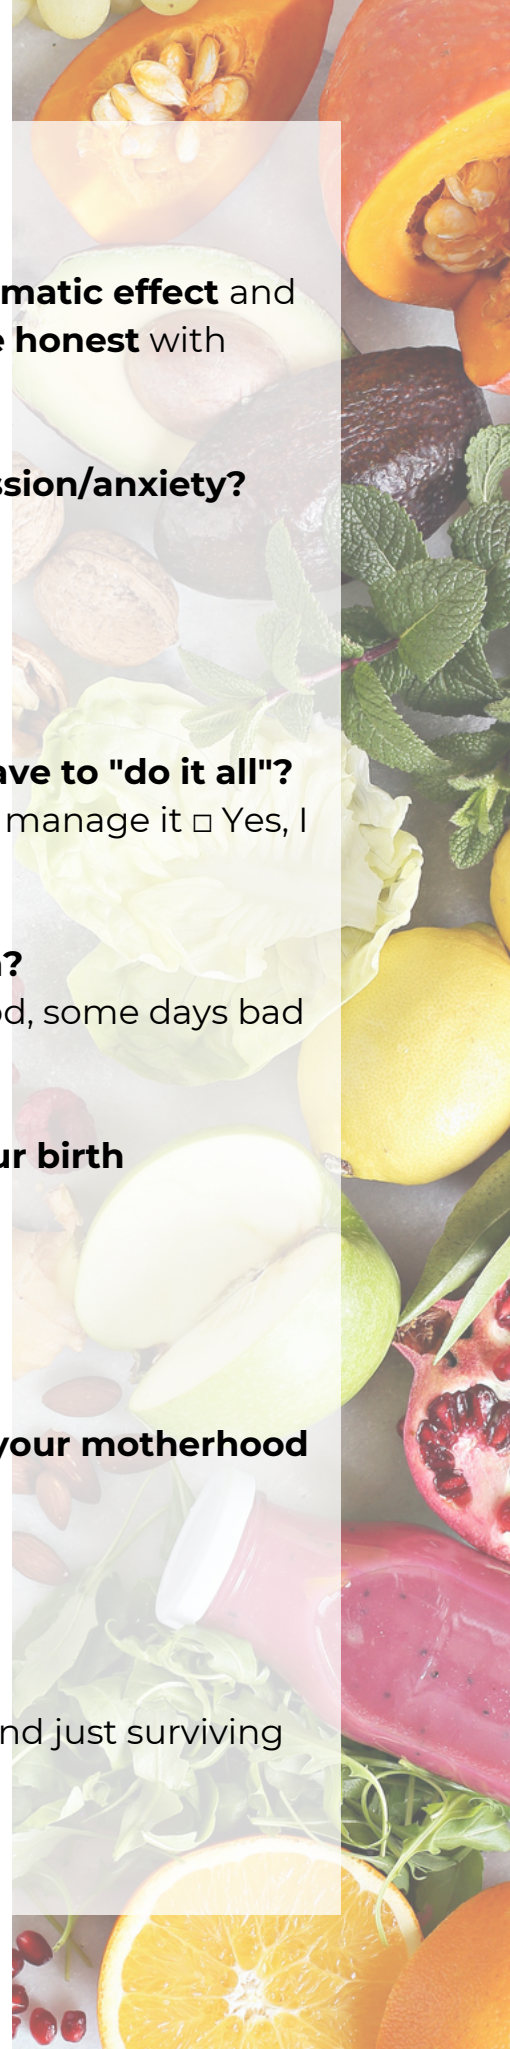

- ☐ No, I’ve made peace with it
- ☐ Sometimes, but I try not to dwell on it
- ☐ Yes, I still carry a lot of emotions around it

5. Do you have a support system that truly understands your motherhood journey?

- ☐ Yes, I have a great support network
- ☐ Somewhat—I have people, but they don’t fully get it
- ☐ No, I often feel alone in this

6. How often do you take time to care for yourself? (beyond just surviving the day)

- ☐ Regularly—I make self-care a priority
- ☐ Occasionally, when I remember
- ☐ Rarely—there’s never enough time for me

Section 6: Birth Control & Medical Interventions

1. **Are you interested in natural solutions for your health concerns?**

- ☐ Yes, I want to take a holistic approach
- ☐ Maybe, I'm open to learning more
- ☐ No, I prefer conventional treatments

2. **Have you ever used hormonal birth control?** (pill, patch, IUD, implant, etc.)

- ☐ No ☐ Yes, currently ☐ Yes, but not anymore

3. **If you have stopped using birth control, did you experience symptoms afterward?**

- ☐ No ☐ Yes (Please specify): _____

4. **Have you taken antibiotics or steroids frequently in the past?**

- ☐ No ☐ Occasionally ☐ Yes, multiple times

5. **Have you had any major surgeries, including C-sections?**

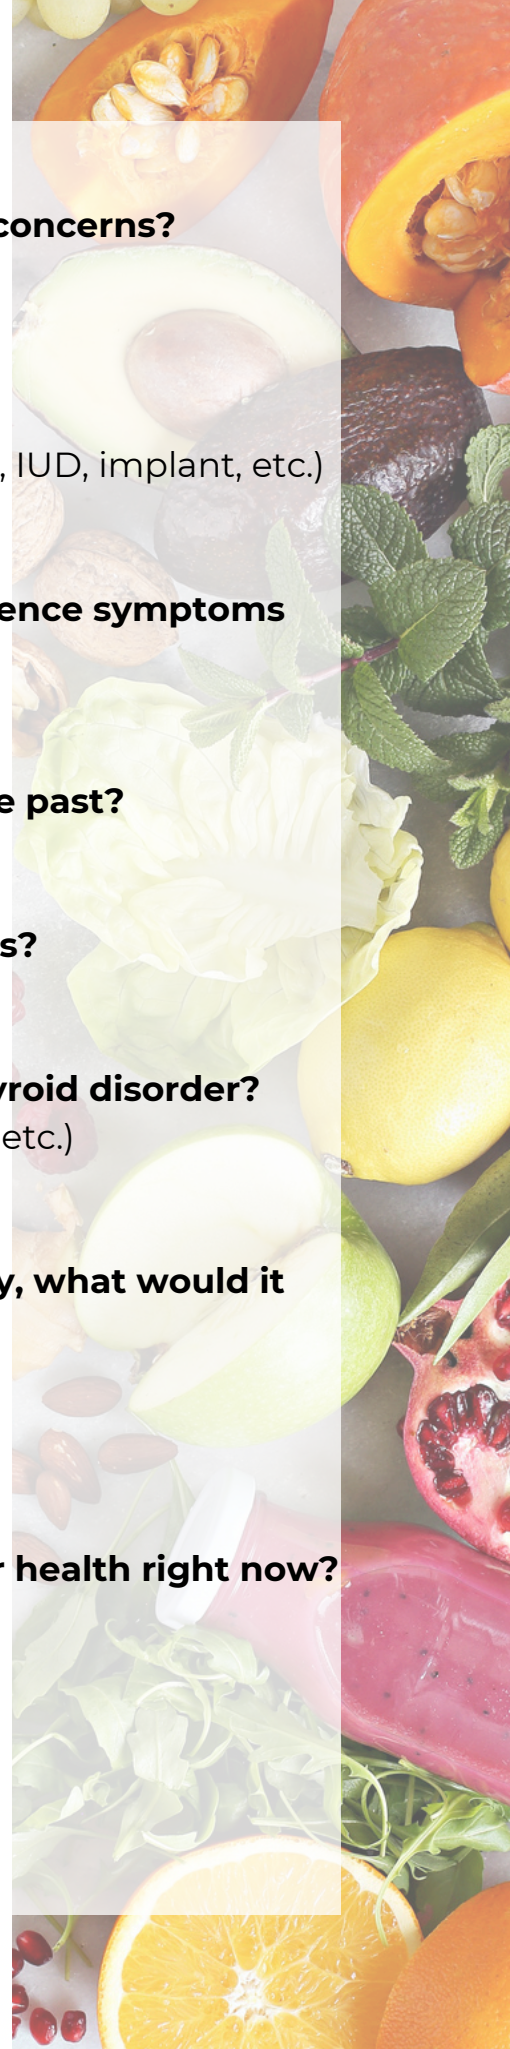

- ☐ No ☐ Yes (Please list): _____

6. **Do you suspect or have you been diagnosed with a thyroid disorder?**

- ☐ No ☐ Yes (hypothyroidism, Hashimoto's, hyperthyroidism, etc.)

7. **If you could change ONE thing about your health today, what would it be?**

8. **What is your biggest frustration or fear regarding your health right now?**
